

Refund Policy :

This document defines the terms and conditions under which customers are eligible for refunds. Customers are eligible for refunds within 14 days of purchase if the product has not been used extensively or damaged.

Refund requests must include valid proof of purchase, transaction details, and a clear reason for return. Incomplete requests may be rejected. Products that show signs of misuse, damage, or tampering may not be eligible for refunds.

Digital products or services that have already been consumed or accessed may not qualify for refunds unless explicitly stated. The company reserves the right to deny refunds if policy conditions are not met or if fraudulent activity is suspected. Approved refunds will be processed through the original payment method unless otherwise specified.

Processing time for approved refunds may take up to 7 business days, depending on banking and payment gateway timelines. Customers will be notified via email regarding the status of their refund request. Repeated refund requests from the same account may be flagged for review. Customer support teams are responsible for handling refund queries and ensuring compliance with company policies.

Any disputes regarding refunds will be handled according to company dispute resolution procedures.
